Career Mentoring Program @ CDHAW in cooperation with the Advisory Board of CDHAW

Dear students of CDH(AW),

In cooperation with the Advisory Board of the CDHAW we established a *Career Mentoring Program* in 2014, and we will continue this unique program for German students in fall 2016. Partners of the program are for example: Freudenberg, FJK Kienbaum Consultants, MAN, Marquardt Switches, Schaeffler, Schenck, Schott and TLD.

The *Career Mentoring Program* is designed to help you - as German students of CDH(AW) - to explore occupational options. You will be connected with industry professionals to help you formulate career goals and options. Mentors share information about their occupation and give you practical career advice. Through the program you can develop your professional network, and learn about various job functions, industries and organizations.

For the third round of this unique program we again offer 10 excellent students the chance to have a mentor. To become a mentee, you have to apply for this program until **October 15th, 2016**. Please be assured that your personal profile will be treated in strict confidence during the selection process and disposed immediately thereafter.

The application should include: CV (English) and motivation letter (English).

The motivation letter should not be longer than 500 words and include following aspects:

- Reason for participating in the *Career Mentoring Program*
- Previous education
- Reasons for studying at CDH(AW) in China
- Possible influence on career development through staying in Shanghai
- First impression of China
- Hobbies and social engagement

Duration of the program: November 2016 – July 2017
